From the Commodore

Here we are at the start of a new sailing year raring to go I am sure...some of us have new boats...some of us wish we had new boats...some of us have several boats...but I digress. Our trusty Vice Commodore in charge of vice, when he isn't seeking out the mysteries of the universe at LIGO, is seeking assistance at the 40th Annual Desert Regatta...Please offer your assistance where ever you can.

The Flying Pickle heads for the start...on port...

Also dues are due. Our club depends on the support of local sailors. Our bank account is presently healthy thanks to the great work of Past Commodore Doug Queen and his magnificent assistant Kathryn Queen. We really owe them a great thanks for all the work they have done over the past few years. Myself I am looking forward to racing this year in my “new” boat and testing the limits (I purchased Roger McVicker’s Flying Scot 4368) . I have a great affection for my old “25” and am pondering what to do with it, one thing in consideration is the restoring option, but I got to tell you the new boat is sure solid...I was thinking I would put a bumper sticker on my new boat that sez “My other boat is a Flying Scot”... Anyway I am excited to get out on the water in my new boat and seeing how it can perform. I am thinking that Roger put lead in the mast however, as that mast sure feels heavy...or maybe it’s just me. Ken Nelson FS 25 & FS 4368
